[Special to The Times-Dispatch.] Washington, May 20.-Convinced that the so-called competition between the three leading armor manufacturing plants of the nation—the Carnegle, the Bethlehem and the Midvale companies is a mere sham, Secretary of the Navy Daniels to-day declared he will shortly take steps to establish a gov-ernment plant which will, if needed. manufacture all the steel plate the

"I see no evidence of competition retary. "Their blds hardly vary frac-tions of cents per pound from each other. They divide up the business between them regardless of contract

Secretary Daniels says the need for a navy armor plate plant was forseen by Secretary of the Navy Herbert, of Cleveland's second administration. Mr. Cleveland's second administration. Herbert visited the naval officials of England, Germany and France, and they all told him the same story, that government manufacture of armor plate was inevitable.

It's believed the recent Krupp scan-al in Germany has aroused Secretary of Navy Daniels to the necessity of taking the entire project out of the hands of private speculation and con-

Tokyo, May 20 .- News that the Callornia alien land ownership bill had Henry M. Flagler, aged eighty-three been signed by Governor Johnson was received here with regret, although it had been discounted in official and non-official circles. It was hoped up to the last moment, however, that Washington's intervention would prove successful. The newspapers published extra editions, with the announcement that the bill had been signed.

Efforts of the Japanese government are concentrated at present on pacifying public opinion, but the task is regarded in many quarters as a more difficult one than at the time of the California school controversy.

Since the death of the old Japanese Emperor the authority of the government has steadily diminished in resisting the growing influence of public opinion, and the spirit of democracy is augmenting throughout the empire.

The statement as published exclusively in The Times-Dispatch was commented upon, made part of the hearing before the State Corporation Commission, and caused continuous inquiry from militia

agreement cannot be reached.

The Norfolk-Southern, in reply to re-

quests for bids from the office of the Adjutant-General, made a proposal to charge 50 cents per passenger for the round trip between Norfolk and the camp site. While this is little more than I cent a mile, which is the price made by all other railroads, it is double what the road now charges the public, which is 25 cents for the round trip to Virginia Beach.

However, there are two things to be said on the other side. One is the fact that the road is now seeking an increase to a round trip, rate of 40 cents. The other is a statement made yesterday morning during the hear-ing before the State Corporation Com-Macon, Ga., May 20.—The case of B. Southern, that it has been now decided and the Royal Southern, the young banker to make a rate of 40 cents to the Ulster Yacht Club acepting the chal-

ever be held at the new site.

Would Insult Uniform.

Lieutenant-Colonel Jo Lane
Assistant Inspector-General, took a partially different view. He said that as the Norfolk-Southern must haut through solid trains, with steam power, including baggage, just as delivered to it by other roads, the price of 1 cent a mile, or 48 cents, was hardly excessive, and hardly comparable to a trolley rate with no baggage included. However, he said, very many officers and men would journey from the camp to Norfolk and back by trolley during the encampment, and if the fact that they wear uniform is to be made the cause of charging them a higher rate than civilians pay, riding at the same time, the discrimination would be an outrage against the uniform and sofficient server. ination would be an outrage against the uniform, and sufficient cause for the utmost indignation.

It is board by many the uniform and sufficient cause for the uniform, and sufficient cause for the uniform, and sufficient cause for the uniform, and sufficient cause for the uniform and sufficient cause for the spatier boat, but under the rules of the New York Yacht Club the larger boat would be forced to grant a material time allowance to

Acceptance of Report Regarded as One of Triumphs of Convention - Negotiations With Union Theological Seminary of New York Referred to Committee.

Atlanta, Ga., May 20 .- With several slight changes in phraseology, the "brief statement of belief," compiled by a special con ...nittee, was adopted this afternoon by the Southern Presbyterian Assembly. The adoption of the report came after an all-day session by a vote

After almost two days of spirited discussion, the Northern Presbyterian Assembly this afternoon voted to refer the entire negotiations with the Union Theological Seminary, of New York, to a special committee. Seven members of the committee, to be appointed by the moderator, will make a final report to the 1914 general assembly. This solution was contained in a motion of Dr. Mark A.
